Over The Top To Be Shown By Soldiers

In securing "Over the Top" to be shown at the Wistaria Theatre the members of Sierra Madre Post No. 297 of the American Legion feel they have put over something out of the ordinary. This great film has just been shown at the Auditorium in Los Angeles and is now showing in Pasadena. It is a government film and not available for a large number of places at once like the commercial films.

When George Hapgood was detailed on, the committee to arrange for the film he was told it could not be had for so small a place as Sierra Madre for a long time. That was a challenge not to be ignored and he went after it in earnest. He managed to reach the right people and secured the film for two days. It will shown Saturday afternoon and evening, also on Sunday evening at 8:30 after the conclusion of the regular Sunday evening community service in the theatre.

See the Boys in Action
This film was made by the government during the war and shows the real thing. Many cases are reported where soldiers were able to identify places and individuals in the pictures. The film is secured on a percentage basis, part of the proceeds going to the local post and part to the Disabled Veterans' organization. In his public spirited way, Manager Brown donates the use of the theatre for these showings.

"Over the Top" is a film no one should miss. There is nothing like it in the United States. No other war ever had such pictures made of the real action. Maybe there will never be another.

The Legion boys have arranged some novel advertising stunts for this film. These include window displays of war relics in some of the stores and a barricade of stuffed sacks at the guide post on Central Avenue in front of the bank. The camouflage and the wicked looking artillery command attention from all who pass that way.

F. A. COOK IS LAID TO REST

The passing of Frederick A. Cook last Friday, August 1, brought deep sorrow to a host of friends of himself and his family, although the end had been expected for some time. He had made a brave fight for health over a period of several years.

Mr. Cook was born in Adrian, Michigan, in 1883. He had lived in Redlands since boyhood. He became an expert accountant and held a responsible position as auditor for the state board of control. In 1917 Mr. Cook married Miss Mildred Powell of Sierra Madre who is left with a five year old daughter, Dorris. Mr. Cook is also survived by a brother, Allen L. Cook of Los Angeles, and two sisters, Mrs. A. T. Hall of Beverly Hills and Mrs. Florence Dexter of Chicago.

Funeral services were conducted on Sunday at the Grant chapel by Rev. Dr. George H. Cornell of Pasadena. Favorite hymns were sung beautifully by Mrs. H. R. Wood and Mrs. H. I. Hawxhurst. Interment was made at the Sierra Madre cemetery.

A delightful farewell party was given for Joe Bailey Thursday night, July 31st, by a few of his friends on the open air pavilion at the Kraft home on Highland Avenue. The guests were Misses Clarice Brown, Camilla Emery, Margaretta Bains, Mildred Emery, Mary Brain, Margaret Bullock, Alice Elspeter, and Mrs. Ivan Buie, Messrs. Perlie Cox, Ted Halsey, Boyssie Johnstone, Hans Seifert, Enos Emery, Don Jemer, Joe Bailey, Ivan Buie, Kenzie Robertson, Herbert Seifert, and Emilie Smith.

While enjoying his vacation from the drug store, Rudolph Hartman of F. H. Hartman & Son has taken his family to Newport Beach for an outing.

DEATH COMES TO PIONEER OF SIERRA MADRE

Mrs. Louise Deutsch, one of Sierra Madre's pioneer residents, passed away Tuesday morning at the age of 69 years. She had been a resident of Sierra Madre since 1885, coming here with her husband when houses were few and most of the landscape was in sagebrush. The house which they built at the corner of Baldwin and Laurel was one of the few two-story houses of that day and was a landmark for years.

Mrs. Deutsch was born in Bridgeport, Conn., where she grew up and became the wife of the late Emilie Deutsch. Upon coming to Sierra he established the cigar factory which is still operated by their son, W. E. Deutsch. Other children who survive Mr. and Mrs. Deutsch are Emma G. Anderson and Rosie N. Garcia of Duarte, Margaret Caubin of Venice and Mrs. Lillian Morrison of Sierra Madre. There are also eleven grandchildren.

Funeral services were held on Thursday at St. Rita's Catholic church. Interment was made in the family lot in Sierra Madre cemetery.

MRS. M. B. KNIGHT

Services in memory of Mrs. Minnie B. Knight who died last Saturday from apoplexy at a local sanatorium were held Wednesday at three o'clock at Gay's Funeral Parlor. Dr. W. A. Tate of the First Congregational Church conducted the service. Cremation took place at Mountain View Cemetery, Pasadena. Mrs. Knight leaves a husband and two daughters.

Fine Things Booking For The Wistaria

Baby Peggy's admirers will have only one evening in which to see her at the Wistaria this week. On account of the showing of "Over the Top" on Saturday and Sunday "The Law Forbids" will be shown Monday evening only. This is said to be one of the best and most appealing pictures in which Baby Peggy Montgomery has appeared. This little tot was born in San Diego five years ago and has starred in Century Comedies since the age of two. "The Darling of New York" was her first big success. She has appeared in more than 50 productions.

For Tuesday and Wednesday the feature is a comedy, "Breaking Into Society." This is a riot of fun, guaranteed to crack any frozen-faced gloom that attends.

Priscilla Dean returns Thursday and Friday in "The Storm Daughter." Of all her thrilling stories, this is said by her admirers to be one of the best.

The comedies and other features which Manager Brown is providing afford a nicely balanced program. The Santa Fe Trail and The Telephone Girl are especially popular with the fans.

Just to let patrons in on the good things coming here is a tip. Mr. and Mrs. Brown are selecting a group of books by well known authors, which have been filmed and will be shown at the Wistaria. The announcement of details will be awaited eagerly by film fans who like to see the stories they have enjoyed reading.

WARDEN DOES TRACTOR WORK

Roy Warden has purchased from Laurence Schneider his complete tractor outfit, including orchard and field plows, harrows, etc. He is now ready to do any kind of ranch and road work. For ranchers who have difficulty in getting enough power to do necessary pumping he is prepared to hitch up his tractor with a belt and run the pumps. This is a serious problem in some parts of the valley.

Officers Are Designated For Primary

Election officers who serve at the polls for the primary election on the 26th of this month will have a busy session before they conclude their labors. They not only have a very long general ballot, but there will be a separate tabulation for each of the parties. The election boards seem unlikely to get home till after sunrise of the morning after.

Following is a list of the officers and polling places for the various precincts:

Precinct 1: Kindergarten Building, West Highland; boundaries, north side of Central to mountains, west side of Baldwin to east side of Lima.

Precinct 2: Residence 47 North Lima; boundaries, north side of Central to mountains, west side of Lima to Sierra Madre Ave.

Precinct 3: Community House, city park; boundaries south side of Central to Live Oak, west side of Baldwin to Sierra Madre Avenue.

Precinct 4: Office of Sierra Madre Feed & Fuel Co., 97 East Montecito; boundaries, east side of Baldwin to west side of canyon, south side of Laurel to Live Oak Avenue.

Precinct 5: Store of W. T. Michael & Son, 397 North Mountain Trail; boundaries, east side of Canyon Ave., to east city limits, north city limits to Live Oak Avenue.

Precinct 6: Store of W. T. Michael & Son, 397 North Mountain Trail; boundaries, east side of Canyon Ave., to east city limits, north city limits to Live Oak Avenue.

Precinct 7: Store of W. T. Michael & Son, 397 North Mountain Trail; boundaries, east side of Canyon Ave., to east city limits, north city limits to Live Oak Avenue.

NEW BUILDING SOLD BEFORE WORK STARTS

Two new business buildings have been started this week, one on West Central and one on North Baldwin. The former was sold to the prospective occupants before work was started.

Mrs. Blanch Muskrath and Mrs. Eva Holbert are the purchasers of the building which was projected by E. P. Whitney for his West Central Lot. They expect to open a tea room and delicatessen there about October 1.

This new building will have 20 feet frontage and 50 feet depth. The front of the building will be of novel design and most inviting for the purpose intended. Mrs. Muskrath and Mrs. Holbert were friends in Sacramento for years and Mrs. Holbert has recently come south to join Mrs. Muskrath.

Morris Alexander has let the contract for his two-store building on Baldwin Avenue to T. M. Webster. One Store will have an 18-foot front and the other 12 feet. The building will be 40 feet deep. Mr. Alexander says he expects to have the handsomest business block in town, with white tile treated in unusual fashion. He will rent both rooms, having given up the idea of starting a jewelry store there.

Friends of Mrs. W. R. Lees will be glad to know that she has sufficiently recovered from the effects of two recent operations to be able to return home on Thursday from the Good Samaritan Hospital, Los Angeles.

Booze Party Given Warm Welcome Here

Another roundup in the small hours of Sunday morning marked the efforts of officers and canyon residents to eliminate the visitors who want to make it a rendezvous for booze parties. In response to a report from neighbors that a noisy celebration was in progress, officers Keys and Hibbs went to the upper end of the canyon where they had no difficulty locating the party.

There were eight couples in all, mostly married. Some had arrived too recently to be in on the hilarity. In fact it is said the cause of the hilarity must have been imbibed before leaving Los Angeles as the main stock was in an auto which was late in arriving and had not yet been unloaded.

When arraigned before Recorder Forman Sunday morning the men gave their names as J. E. Baird, 5600 Santa Monica Blvd., V. L. Walker, 1635 Kenmore, R. E. Mitchell, 5847 Sunset, Z. J. Ernst, 4229 Lexington, Los Angeles, P. R. Crawley of Culver City and Earl Shirkey, Crest Pine Village, San Bernardino County.

All except Shirkey were released under \$10 cash bail on charge of disturbing the peace. Shirkey was released under \$500 bond on a charge of illegal possession and transportation of liquor, because the liquor was found in his car.

Final hearing was set for Tuesday, August 12. It was indicated by members of the party that Shirkey was no more to blame than the rest because the liquor might just as well have been placed in any of the cars, and whoever had to bear the heavy fine would be helped out by the rest of the party.

CEREMONIAL TO BE STAGED IN MOUNTAINS

As the sun comes up over the mountains on Thursday of next week an attractive group of our young girls, in blue skirts and white middie, ponchos over their shoulders, will be seen wending their way up the trail to Hoegge's Camp. It will be the local unit of Camp Fire Girls on their way to build their Council Fire and hold their first ceremonial in the woods. Our unit, known as the "Yolahme" (mountain) Group are the guests for three days of Mr. and Mrs. William Murphy of Hoegge's Camp, who have generously offered the use of their camp for the occasion.

The important events scheduled to take place at this council fire, are the raising to the rank of Wood Gatherers of the following members who have earned the necessary honor beads, for service in the home, school and community: Margaret Stovall, the president, Beatrice White, Dorothy Moote, Margaret Butsch, Mary Shapiro, Frances Lord, Edith De Temple, Elizabeth De Temple, Haldee Addis, Gertrude Knowles.

Following the ceremony, the new members will be initiated, these being Adair Keegan, Lillian Jacobson, and Elizabeth Mouring.

Three of the members are ready to be raised to the rank of "Fire Makers," but Mrs. Steinberger, the guardian, expects to hold this ceremonial closer in, so that the mothers and fathers too, of these splendid girls who have passed the tests are found worthy of this high rank, may come and sit in the outer circle around the Council Fire, and learn of the splendid things their daughters are pledging themselves to do.

The Yolahme Unit of the Camp Fire Girls invites all the girls in our community over the age of eleven years to join them. Those desiring to do this, please send their request to Miss Margaret Stovall, president, 352 Sycamore Place, City or to the Guardian, Mrs. Milton Steinberger, Box 158.

Mr. and Mrs. Frank E. Cox and family spent last week at Newport Beach.

"THE COWARD" TO BE SHOWN SUNDAY NIGHT

The Sunday Evening Services of the Wistaria continue through August. The picture for Sunday night is "The Coward," featuring Charles Ray and is a story of the Civil War. It portrays the emotions of a young man on the Southern Side who fears to enlist and shows how that fear was overcome.

Owing to the fact that these services are being conducted as a special community service it is desired that no children attend unless accompanied by their parents or an older person. The religious character of the service makes it desirable that all join in the service as heartily as possible and that children be under the direction and control of older persons and sit with them.

OSGOODS OFF FOR BOSTON

Captain and Mrs. J. A. Osgood left Wednesday with the California delegation to the national encampment of the Grand Army of the Republic. It is held this year at their old home in Boston. In addition to enjoying a visit there, they will also visit Washington on their way home. They expect to return by the end of September. Just before leaving Captain Osgood received a cordial letter from Robert T. Lincoln, son of the war president, who was his schoolboy friend at Exeter academy. Captain Osgood had written in the hope that they might meet in Washington but Mr. Lincoln regretted that he would not be in Washington during the fall.

J. O. Smith Is Appointed to School Board

J. O. Smith of 609 West Central Avenue has been appointed a member of the Sierra Madre school board. He succeeds George S. Anderson who resigned last week after giving several years of useful, conscientious service to the work.

Mr. Anderson has been anxious for the past year to retire from the board but had hoped to remain on until needed building expansion was provided for. After the defeat of the last bond proposition he announced he would stay only until the year's work was concluded and the new members had time to become familiar with affairs of the school district.

Mr. Smith, who is general manager of the Birch-Smith Furniture Company of Los Angeles, is a man of recognized ability. He has children in the school and while he is a very busy man, he has consented to accept the place.

Appointment of Mr. Smith was made by the county superintendent upon recommendation of the other two trustees, Mrs. F. H. White and R. S. Jensen.

School sessions will begin in Sierra Madre on September 15. The full corps of teachers has been selected and will be announced as soon as all the signed contracts have been received by the board.

WELL KNOWN LAWYER DEAD

The funeral of Mr. W. Van Dame, a well known lawyer and a man highly esteemed by all who knew him, was held last Wednesday at 2 o'clock at Gay's Funeral Parlor. The body will later be taken to Washington for interment. Mr. Van Dame served as attorney for the U. S. Government on the Panama Commission and had the right to practice before the Supreme Court of the U. S. He leaves a mother, wife and three children to mourn his loss. Dr. W. A. Tate officiated.

Mr. and Mrs. Arthur D. Clough and family of 155 N. Baldwin, including Miss Clough, a sister, started this week on a three-weeks tour of the north which will include visits to the Big Trees.

Sierra Madre Ladies Break Into Movies

Thursday of this week was local talent day for Sierra Madre when half a hundred or more of the members of the Woman's Club and a score or more of the younger set worked in the film version of "City Streets and Canyon Trails." From 8:30 in the morning until after 5 o'clock, camera was clicking off Sierra Madre scenes which will be viewed by more than half a million people within the next two years.

In the action features of the offering local people in all walks of business and professional life did their parts in a manner declared by Director S. S. Harralson to be true to life and most natural in every detail. As assistant director, Mrs. Milton Steinberger convinced her "extras" that she had missed her calling when the silver sheet failed to claim her attention as a life work.

For the Tourist
Aside from the local interest injected into the film by the presence of the city's talent and beauty, there is a greater charm, if possible, added by the resources of natural beauty, the picturesqueness of the homes and institutions. According to the statement of the camera man, R. P. Young, Sierra Madre offered opportunities for scenic beauty not encountered in any other city filmed by him in Southern California.

That a word of understanding may be spoken before the preview of the picture, the opening scene is laid in a Los Angeles home where tourists are visiting. The decision is made to visit Sierra Madre. The visitors are shown entering the city. They are welcomed at the Woman's club, taken to the home of Mr. and Mrs. H. T. Fennel where the Wistaria Fete of last spring was reconstructed and made a part of the film. They are shown the largest Kentia Palm nursery in the world of Bassett and Washburn and a number of the beautiful homes in the city.

Practically everything of interest possible to film is incorporated in the story. A map of the P. E. Railway and the highways, proposed highways and trails is shown which is intended to inform the tourist of the ease with which the city may be reached. Throughout the picture the one idea has been to create a desire to see Sierra Madre at close range. In the work of production the Chamber of Commerce has been most ably assisted by the members of the Woman's club and the cooperation has had a marked effect on the value of the finished product.

See It Next Week
The pre-view of the picture will be made at the Woman's Club House Friday night, August 15, at which time it is believed the capacity of the building will be taxed to the limit. There will be a program of real merit before the showing of the film and a money's worth evening is assured.

Those who attend will be doing their bit by helping to keep the city before the traveling public for a period of two years. The publicity of the showing at Exposition Park is worth many hundreds of times the amount of the cost. It is a happy combination of an evening's entertainment, a service to your own community and a personal gain through the combined benefits to all.

Since the show will be given here but one evening, it might be well to purchase early and tickets will be on sale Saturday morning at Woodson Jones, Hartman's Drug Store, the Canyon Pool, Trail Store, Norris, Grocery Store and the Sierra Madre Chamber of Commerce.

Last Friday evening, after a picnic supper, Mrs. Laura Cline was hostess for Mrs. John Schlatterer, Miss Agnes Leighton, Miss Clara Sykes, and Miss Fannie M. Hunt at the Alice Gentle concert in Hollywood Bowl.

Mrs. Henrietta McCabe and daughter of Hollywood have taken Mrs. Carl C. Young's residence at 261 N. Adams for awhile.

The way to rid yourself from the health destroying Catarrhs, Coughs, Colds

You can become free of Catarrhs, Bronchitis, Laryngitis, Hay Fever, Asthma, swollen tonsils without operations or Drugs.

Thousands of people suffer from these maladies. And there are all kinds of Catarrhs, not only of the nose. When it affects the chest it is Bronchitis. Many people suffer from Catarrh of the STOMACH AND INTESTINES. This always leads to many serious stomach and Bowel disorders. To allow any kind of Catarrh to continue is to create a dangerous chronic condition, which robs the person of VITALITY AND HEALTH.

YOU CAN GET RID OF IT

This treatment seldom fails. A NON-MUCOUS DIET in addition to Chiropractic Nerve adjustments certainly removes these serious Health destroyers. There is no health science, I believe, that can remove the Causes of Disease more safely and better than the one outlined.

OGRE AND MERMAIDS

ONCE upon a time there was an Ogre who lived in a castle by the sea and many times he had seen the beautiful mermaids come up to sun themselves on the rocks, but he had never been able to get near enough to speak to them.

While the Ogre possessed some magic power, he was not able to change his form, so he went to a wood witch and asked to be given power to change into a dolphin when he chose, for the Ogre had fallen in

"A Big Dolphin Came Swimming Along."

love with the mermaids and wished to ask one of them to become his wife.

If he could get close enough he would be able, he thought, to ask the one he would choose and tell her he lived in the beautiful castle on the high rocks and could change himself into another form.

This the old witch did, and one morning when the pretty mermaids came to the rocks a big dolphin came swimming along, but before he could speak to them two mermaids leaped to his back and drove him through the water.

Then back to the rocks the mermaids guided him with some seaweed reins they made him take in his mouth, and two more mermaids leaped

upon his back and again the poor dolphin was driven through the water.

All day back and forth he traveled, the pretty mermaids laughing with glee at the frolic they were having and when they at last released him the dolphin was too tired to speak and flopping itself up on the shore it fell asleep.

When the dolphin awoke it wished itself an ogre at once, and away to the woods he ran to the witch that had given him power to change shape. "Rid me of this power to change to a dolphin," he said to the witch. "I have no wish to win a mermaid for my wife. Such thoughtless creatures as they are would not be the sort of wife for me, and I wish to be sure I shall never again be a dolphin, for if once they caught me I might never escape but always be their slave."

The old witch laughed. "I thought you would not care for those water nymphs," she said. "You can't change the nature of those creatures. They are used to having all the sea creatures for their slaves."

The Ogre began to tremble. "Are you sure I will never become a dolphin again?" he asked. "No," replied the witch, "there is only one way in which you are sure never to take on that form again, and that is to be changed into a rock or a high mountain; but if you remain an ogre you may some day, when near the sea, take on the form of the dolphin."

"Change me into a mountain and make it a high one, where those mermaids can never climb," said the Ogre.

So the witch changed him into a mountain and there, looking down on the sea below, where the mermaids sport in the sun, the Ogre is safe from their spell, and the mermaids sometimes, when they catch a poor dolphin and drive him through the water all day, think they hear a roll of thunder sounding along the mountain top; but it is the mountain who was once the Ogre, laughing to think of what he has escaped.

The Why of Superstitions

By H. IRDING KING

NOSEBLEED AND A KEY

IN MANY parts of the country it is believed that a key worn on a chain around the neck will prevent or cure nosebleed. The same superstition is found in many parts of Europe and in Asia. There are superstitions with regard to the key which are of analogous nature. These superstitions would appear to be compounded of two elements; the idea of the ancients with regard to iron as being both a "bane and antidote" in witchcraft and the idea of sympathetic magic. In Asia the iron idea is stressed; in Europe and America the sympathetic magic idea. But in all three regions the mixture is apparent.

In the superstition under consideration the key derives its principal power from the fact that a key is used to lock up things. Therefore, by sympathetic magic a key worn around the neck locks up the nosebleed and stops it.

An analogy is found in the manner in which the Balkan Slavs in times of epidemic keep the disease from their village. Two women go outside the village, one with a lock and key and one with a kettle of water. The woman with the kettle says: "What do you come for?" to which the woman with the key replies, "I come to lock the village from mishaps." And having turned the key in the lock she throws it into the kettle. This is repeated three times at three different places outside the village and the villagers have greater faith in the efficacy of the ceremony than in all the health boards in existence. For that matter, many an American girl has more confidence in the power of the key around her neck (some say it should be hung down the back) to cure her nosebleed than in the skill of the doctor.

"What's in a Name?"

By MILDRED MARSHALL

Facts about your name; its history; meaning; whence it was derived; significance; your lucky day, lucky jewel

ARABELLA

ARABELLA, which is bestowed in all good faith by fond parents, only to be cut down directly to the more convenient Bella, is a name of great power and dignity. It comes from the "eagle" series of Icelandic names, which is responsible for many of the appellatives popular in English speaking countries.

Arabella signifies "eagle heroine". The first lady to bear the name was the granddaughter of William the Lion of Scotland, who married Robert de Quincl. Another Arabella was she, who, with her husband John de Montpyncon, held the manor of Magdalen Laver in the reign of Henry III.

The Normans, who made radical changes in all names that did not sound like French, cut Arabella down to Arbell. "My Lady of Arbell" was the title of the unfortunate Arabella Stuart, whose history is familiar to all of us. It is chiefly due to this poor lady that Arabella gained such vogue and had such widespread usage in England.

Arabella's talismanic gem is the diamond. It promises her fearlessness, success, and, if set in gold and worn on the left hand, true and abiding love. Thursday is her lucky day and 6 her lucky number. The violet is her flower.

YOUR HAND

How to read your characteristics and tendencies—the capabilities or weaknesses that make for success or failure as shown in your palm.

CARRIAGE AND MOTIONS OF THE HANDS

WHEN a person carries the hands in front of the body, or slightly at the side, and moves them continually, or almost always, waving them about as though to keep them from touching anything, or to keep anything from touching them, it is a sign of a nature that is suspicious, looking about for traps, etc. In some subjects, to be judged by other characteristics, this is, of course, a good sign, since it denotes carefulness, watchfulness and a desire to investigate matters before passing judgment upon them.

We sometimes encounter the subject who keeps the hands clasped in front, with the palms together. In very many cases it is a woman who carries the hands thus. She is calm and placid in temper, looking at life through the philosopher's spectacles. Such a person will let the hand be read in a quiet, unhurried manner, and is a good "subject." Of course other types will betray their mental and moral characteristics—to some extent, at least—by the manner in which they submit their hands to reading.

In accordance with its established custom the Los Angeles County Bar Association, which is the only organized body of lawyers in this county and has a membership of over 1100, has just taken and announced the result of a vote of its members on the candidates for Superior Court at the coming election. As a result of this ballot the Bar Association has endorsed the following Judges for the full term:

Judges John M. York, Louis H. Valentine, Frank Collier, Ira Thompson, John L. Fleming, Harry R. Archbald, Arthur Keetch, Paul Burks, Hartley Shaw, Carlos S. Hardy and Walter Guerin.

For the unexpired term of Judge Shenk, the candidate endorsed by the association is the incumbent, Harry A. Hollzer.

Judge Clock having decided not to run, there is one candidate for the unexpired term of Judge Myers and therefore no vote was taken by the Bar Association for this office.

Following is a tabulation of the votes cast for the 26 candidates for the full term; the first 11 on the list having received a majority of all the ballots cast for the full term, are the candidates endorsed by the Bar Association:

John M. York	624
L. H. Valentine	622
Frank C. Collier	602
Ira Thompson	596
John L. Fleming	595
Harry R. Archbald	585
Arthur Keetch	583
Paul Burks	575
Hartley Shaw	563
Carlos S. Hardy	528
Walter C. Guerin	516
Walter Hanby	278
Stephen G. Long	219
W. S. Baird	179
Wm. Frederickson	148
C. T. Van Etten	141
H. S. G. McCartney	127
Hugh G. Crawford	122
H. M. Willis	115
J. W. Joos	105
Wm. T. Kendrick, Jr.	91
W. M. Burke	70
Elliott Barrett	24
E. M. Crawford	23
M. I. Grossman	21
John V. Morris	11

For the unexpired term of Judge Shenk, a total of 706 votes were cast for the three candidates as follows:

Harry A. Hollzer	536
C. W. Pendleton	92
E. J. Brown	78

John W. Kemp, chairman of the judiciary committee of the Bar Association, in speaking of the vote stated:

"The Bar Association is the only organized body of lawyers in this county and as such it has recognized that the profession owes a duty to the public in assisting in the selection of candidates who are thoroughly qualified to fill the office of Superior Court Judge. With this in mind the association has for several years taken a ballot among its members on candidates for judicial office and announced the result of that ballot through the press, believing that the voters will be assisted thereby in the selection of judges. Under the constitution of the Bar Association no candidate for judicial office can be endorsed by the association unless he receives a majority of all the votes cast by members of the association for the office to be filled. Every effort has been made to obtain a full, fair and unbiased expression of the judgment of the members of the association and the tabulating of the vote has been conducted under the immediate supervision of the board of trustees of the association and the judiciary committee.

As no campaigning in behalf of the candidates was permitted in the association prior to the taking of this ballot, it may be considered as the representation of the opinion of the bar of this county, most of the active members of which are members of this association.

"It is the intention of the association to actively support the candidates which it has endorsed."

The members of the judiciary committee are as follows: John W. Kemp, chairman, Oscar Lawler, Wm. J. Carr, Allen W. Ashburn, J. A. Gibson, Jr., James S. Bennet, George P. Adams, Edward Winterer and Bradner W. Lee.

KIWANIS PLAN TO GET VOTERS OUT THIS YEAR

A vigorous campaign to get all voters to vote in the fall elections is being planned by all the Kiwanis clubs of the country, in accordance with policies which have been adopted by Kiwanis International at a meeting just concluded in Denver.

In 1896, 80 per cent of all those eligible voted in the presidential elections; in 1900 73 per cent voted; in 1908 the percentage decreased to 66 per cent; in 1912 there was a further decrease to 62 per cent; and in 1920 less than 50 per cent of the voters exercised their franchise.

"This campaign," said Victor M. Johnson, newly elected president of Kiwanis International, "will be to urge all citizens to express the desires of the entire people, and not less than half of them. A continuation of the present low voting percentage would certainly lead to the impracticabilities and danger of a radical minority. The work of the clubs will be part of our general campaign to promote an intelligent, aggressive and serviceable citizenship."

"There is no partisanship in this campaign, and no fund is being raised to carry it on. Members of each of the 1250 Kiwanis clubs will work in their communities, purely on a basis of developing this much needed citizenship."

F. W. Crandall, Mrs. Crandall, and son Harold, formerly of Sierra Madre, have taken apartments for a few months at 108 20th St., Merced, where they will be pleased to meet any old friends. They report it is rather hot up there, but the nights are cool and delightful. They may later return to Sierra Madre to reside.

Bobby: Can't I change my name to day, Ma?

Mother: What in the world do you want to change your name for?

BABY PEGGY HAMILTON IN THE LAW FORBIDS

Paul Remsen and his wife Rhoda become estranged and seek a divorce. The Judge decrees they shall separate for a year, and Peggy is to stay six months with each parent. She and her mother go to her Grand-parent's farm, where she makes friends with the chickens and farm pets. Paul, in the city, seeks consolation from an actress. Little Peggy, longing for her father, sets out with her pet rooster for the city. Rhoda follows the child and attends the theatre where Paul is acting. Peggy is behind the scenes and her rooster walks out on the stage, almost spoiling the big scene. Both parents during the separation have realized they still love each other; and when Rhoda goes after Peggy a real reconciliation takes place.

FARMERS ARE NOT CHARGED HIGHER RATE

Farmers will not have agricultural power rates increased in accordance with the decision of the Railroad Commission in the Edison Company rate case just made. A general 10 per cent rate increase is announced for city customers.

The victory for the agricultural

interests is due primarily to the activities of the Public Utilities Department of the State Farm Bureau Federation headed by J. J. Deuel. Through representations made before the commission and through careful field observations Mr. Deuel was able to win his points in the effort to prevent increase for the farmers of this state, it being particularly pointed out that the farmers already have to bear an extra charge for power due to the greater amount needed in lifting water this season.

JUST OPINIONS

THOSE CANYON IMPROVEMENT BONDS

"Why is the News so much interested in those Canyon Park street improvement bonds," is a pertinent question put to the editor by a reader of the article in this column last week. There are several reasons, in spite of the fact that no one connected with the News has any property interest there.

In the first place, the News is interested in any public improvement which will make any part of Sierra Madre a better place for some of the people to live in and for the rest of the people to look at.

In the second place, street improvements in the canyon district mean better fire protection. It will not only protect individual houses by giving access to fire apparatus, but it will protect the water supply of Sierra Madre. A serious fire starting in the canyon would be almost certain to sweep the whole Santa Anita Canyon, possibly the whole face of the range above Sierra Madre. The News has fought consistently for 18 years for all possible protection against mountain fires. Incidentally, canyon property owners have a right to expect lower insurance rates as a result of the better fire protection.

Third, this interest may be closely coupled with a regret that the city of Sierra Madre did not acquire the whole canyon and knoll for park purposes instead of letting it get into the hands of a subdivider. That civic opportunity was lost. The next best thing is to encourage every move to beautify and make more attractive what is naturally one of the prettiest districts in Sierra Madre. It is useless to talk of keeping it "wild and as near the natural, rustic state as possible." That stage was passed long ago. But it can be put in order and made attractive and this improvement project is the first and most necessary step.

Fortunately, most of the voters in the canyon are favorable to the improvements. As is usually the case, the chief danger seems to be apathy. It will take hard work on the part of all interested to ensure the necessary two-thirds vote on August 26th.

LEND A HAND

Scarcely ever has a new business been started in this thriving center of life and light but there were some to look at it through their dark glasses of doubt, suspicion and pessimism. Certain failure is prophesied to follow the foolish venture. Remembering that they have usually been wrong does not cause them to change their tune or the color of their spectacles. They keep right on when a stranger comes to town looking for a business location. "This place is different: it won't go here," is their constant whine. How much better it would be if they would join the ranks of those who have a cordial greeting and encouragement for the stranger and a helping hand for the man who really tries to do something worth while!

WHAT DARWIN HAD NOT LEARNED

Poor Darwin! he is blamed for a lot of things he never heard of. Some of the things he taught are as out of date as some of the animals eliminated in by-gone ages by "natural selection." Scientists have a hard time keeping up with themselves, as indicated by Dr. Winship who writes in the Journal of Education:

Any book on physics, electricity or astronomy written eight years ago is out of date, and geography or history written eight years ago is spineless. Any philosophy or pedagogy of eight years is nerveless; any book on physiology or psychology that is eight years old is a joke. Any book on chemistry, biology or sociology written eight years ago is a comedy. Any book on economics, industry or commerce written eight years ago is tragedy.

When the scientists finally come to agree on things among themselves, and when the theologians finally agree likewise, both will have found they were following by different paths the same promise: "Ye shall know the truth and the truth shall make you free." Dr. Carruth described them both:

Like tides on a crescent beach,
When the moon is new and thin
Into our hearts high yearnings
Come welling and surging in;
Come from the mystic ocean
Whose rim no foot has trod,—
Some of us call it Longing,
And others call it God.

Ancient Bugs Shown As Beauty Spots

By Leon Lansberg

Patches, after disappearing for a long time, are coming into vogue again. The fashion is more practical than it would appear in the first moment. Ladies with beautiful complexions render by means of these patches the beauty of the skin more conspicuous by contrast, and those with bad complexions, with pimples and blotches, can conceal these detractors of their beauty behind the innocent looking little bits of sticking plaster.

The use of patches originated in antiquity. Fair and proud Julia, the daughter of the Roman Emperor Augustus, is said to have been the inventor of the fashion. Hindu women had made her a gift of small insects that possessed the peculiar property of adhering motionless to wherever they were placed. The proud Roman played with the little insects, placing them here and there upon her face, arms and neck; and it did not take her very long to realize that the black insects enhanced the beauty of her fair cheeks and in this way the toy turned to an important accessory to woman's toilet. In the absence of those insects, which were not easily obtainable by every one, patches had to do the same service.

For Old Time Headaches

According to some, however, certain plasters ordered as a remedy against headache had originally suggested these black spots, and what had been at first prescribed for health's sake was retained as an aid and accessory to the beauty of women who wished for artificial attractions. However this may be, the fashion is said to have been introduced into Europe at the time of the Crusaders. In England patches were first worn during the reign of Charles. The following lines were by an old author regarding them and their wearers.

"Your homely face, Flippanta, you disguise

With patches numerous as Argus' eyes;

I own that patching's requisite for you,

For more we're pleased the less your face we view;

Yet, I advise, since my advice you ask,

Wear but one patch, and be that patch a mask."

In France the fashion appeared at the court of Louis XIV. Perhaps here, too, an insect was the cause of the new fashion. The name "mouche" (fly) warrants this inference, and it would by no means be an impossibility that a fly lighting on the face of a belle suggested to her rivals the idea of pasting themselves with patches. It is true it is reported that ugly warts of a beautiful court lady gave rise to the invention of the mouche. She made of necessity a virtue and covered the warts with bits of silk sticking plaster. These (the mouches) then assumed quite fantastic forms; they were cut into little stars, crescents, flies, birds, etc., and with these tiny silhouettes they covered face and neck. Luxury, too, took hold of the fashion. The black satin mouches were replaced by silver and golden ones; nay, often pearls and precious stones were attached on them. In France even the clergy made use of patches, and an elegant woman might be seen to stop in the street to open the precious patch box she carried everywhere with her, to survey herself in the mirror which lined its lid, and quickly to replace a patch that had fallen off.

But this mouche fashion was also fraught with danger. Stories are related of jealous beauties who played into the hands of their rivals mouches steeped in cantharidin, e. g., the extract of the Spanish Fly, out of which the blistering plaster is prepared. The wearers of such mouches destroyed their skin, though but for a short time.

Have a Card

Of another danger tells an anecdote: A canoness and a lawyer were at a reception. The canoness wore a patch on the right side of her mouth, close to the lip. It so happened that the company, with the exception of these two, left the room for a moment. But on returning it was found that the lawyer wore the patch on his face and likewise close to the lip, but on the left side of his mouth. This may serve as a warning to the ladies, in particular the beautiful ones, who intend to go along with the new fashion.

To determine how and upon which part of the face the adornment intended to attract the eye and subjugate the heart should be placed requires a long practice on the part of each individual woman. As in

P. E. EMPLOYEES WILL PICNIC AT REDONDO

The annual picnic and reunion of employees of the Pacific Electric Railway is scheduled for Saturday, August 16th, and will be held at Redondo Beach, an official announcement from the railway headquarters stated yesterday. As many of the company's 6500 employees as can be relieved from duty without interfering with train service, their families and friends will gather at this popular resort and it is expected that 15,000 persons will be in attendance.

An extensive program of events, amusements and contests is being arranged, among which are athletic events, dancing, fishing, vaudeville, chorus and band concerts. As is the usual custom the program for the amusement of the kiddies is receiving particular attention, free rides, drinks, ice cream, souvenirs and prize contests being scheduled for their pleasure. Extra service from various points on the Pacific Electric system has been arranged.

everything appertaining to the fair sex and their caprices, so also in this respect no fixed rule prevailed. The points varied according to the character and temperament of the wearer, however, recognized as indicative of special characteristics: the "passionate" wore the patch close to the eye, the "majestic" on the forehead, the "sportive" in the midst of the cheek, the "kisser" on the corner of the mouth, the "impertinent" on the nose, the "flirt" on the lips, the "discreet" near the chin and the "rogue" on a button. According as you consider yourself, the one or the other, you will fix your plaster on either of these spots on the face.

NOTICE INVITING STREET WORK PROPOSALS

Pursuant to statutes and to Resolution No. 198 of the Board of Trustees of the City of Sierra Madre, California, adopted July 24, 1924, directing this notice, the undersigned, City Clerk of said City of Sierra Madre, invites, and will receive at his office in the City Hall, in the City of Sierra Madre, up to 7:30 o'clock P. M. of Thursday, August 21st, 1924, sealed proposals or bids for the following street work to be done according to plans and specifications posted and on file therefor adopted, or herein mentioned, to-wit: That

LAUREL AVENUE

between the Westerly line of Baldwin Avenue and the Easterly line of Auburn Avenue including all terminations with terminating streets and alleys be improved by certain grading and by the construction of certain two (2) inch oiled macadam pavement, cement curbs, cement sidewalks, and concrete gutters, except where cement curbs, cement sidewalks and concrete gutters have already been constructed and are now to the official line and grade of the streets, as shown on Special Improvement Plans hereinafter referred to, and all other work or improvement described in Resolution No. 191 being the Resolution of Intention for said work or improvement, in the manner and within the limits designated in said Resolution, and reference is hereby made to said Resolution for a further and more complete description of said work or improvement and the description of said work or improvement in said Resolution contained is hereby expressly adopted and made a part hereof, the same as though fully set forth herein.

That all of the work aforesaid shall be done in accordance with and to the grades shown on Special Improvement Plans, Cross-sections and Profiles No. 109 on file in the office of the City Engineer of the City of Sierra Madre and in further accordance with Special Specifications for said work on file in the office of the City Clerk of said City, adopted by the Board of Trustees of the City

of Sierra Madre by Resolution No. 190 of said City. Said Special Improvement Plans, Cross-sections and Profiles and Special Specifications are hereby referred to for full and detailed description of said proposed work or improvement, and for the description of the grade to which the work is to be done and are made a part hereof.

That the said work or improvement, in the opinion of said Board of Trustees of said City, is of more than local or ordinary public benefit, and said Board of Trustees declares that the district to be benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof is described in said Resolution of Intention No. 191 to which said Resolution reference is hereby made for a description of said district.

That said Board of Trustees also determines and declares that serial bonds bearing interest at the rate of seven per cent (7%) per annum shall be issued to represent each assessment of twenty-five dollars (\$25.00) or more remaining unpaid for twenty (20) days after the date of the warrant. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the fifteenth day of the next November following their date. Payments on the principal of unpaid assessments and interest shall be made by property owners to the City Treasurer and the same shall be disbursed by him, all as provided in the "Improvement Act of 1911," hereinafter referred to.

That the proceedings for the aforesaid improvement shall be had and taken under and in accordance with an Act of the Legislature of the State of California designated and known as the "Improvement Act of 1911," approved April 7, 1911, and under all Acts supplementary thereto or amendatory thereof.

Bidders must file with each proposal or bid a check payable to the City of Sierra Madre, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for the said amount and so payable, signed by the bidder and by two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions.

In bidding, use blanks which will be furnished by the City Clerk upon application. Sierra Madre, California, August 6th, 1924. (SEAL)

ORDINANCE NO. 284

AN ORDINANCE CALLING A SPECIAL ELECTION TO BE HELD ON THE 20th DAY OF AUGUST, 1924, IN THAT CERTAIN TERRITORY CONTAINED WITHIN THE BOUNDARIES OF PROPOSED MUNICIPAL IMPROVEMENT DISTRICT NO. 1, OF THE CITY OF SIERRA MADRE, PROVIDING FOR SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT THE PROPOSITION OF INCURRING A DEBT BY ISSUANCE OF BONDS OF SUCH DISTRICT FOR THE PURPOSE OF CONSTRUCTING PUBLIC IMPROVEMENT WORK CONSISTING OF STREET WORK UPON PUBLIC STREETS, PUBLIC ALLEYS, AND PUBLIC RIGHTS-OF-WAY IN SAID DISTRICT; PROVIDING FOR THE ISSUANCE AND SALE OF SUCH BONDS FOR SUCH PURPOSE, AND FOR THE LEVY OF A TAX FOR PAYMENT OF SUCH BONDS; AND ESTABLISHING AN ELECTION PRECINCT AND POLLING PLACE IN SAID TERRITORY AND APPOINTING THE OFFICERS OF ELECTION FOR SAID SPECIAL ELECTION.

The Board of Trustees of the City of Sierra Madre do ordain as follows:

SECTION 1. Whereas on the 22nd day of May, 1924, a petition was filed in the office of the City Clerk of the City of Sierra Madre, and ex-officio clerk of the Legislative body of said City, requesting that proceedings be taken under the provisions of an Act of the Legislature of the State of California, entitled, "An Act to provide for the formation of districts within municipalities for the acquisition or construction of public improvements, works and public utilities; for the issuance, sale and payment of bonds of such districts to meet the cost of such improvements; and for the acquisition or construction of such improvements," approved April 20th, 1915, and the amendments thereto, for the purpose of constructing public improvement work consisting of street work upon public streets, public alleys, and public rights-of-way in said district; and said petition was signed by not less than ten per cent of the qualified electors of the territory so proposed to be formed into said Municipal Improvement District; and

Whereas, in pursuance of said petition, and of the said Act of April 20th, 1915, the Board of Trustees of the City of Sierra Madre on the 12th day of June, 1924, passed an ordinance designated as Ordinance No. 282 of said City, containing the matters prescribed by said Act and declaring the intention of said Board of Trustees to call an election in that part of the City of Sierra Madre contained within the boundaries of said proposed Municipal Improvement District, to be known as "Municipal Improvement District No. 1 of the City of Sierra Madre" for the purpose of submitting to the qualified electors of said district, the proposition of authorizing the issuance and sale of bonds of such district, in the manner provided for in said Act, to meet the cost of said proposed improvement; and said Ordinance was approved by the President of the Board of Trustees of said City on the said 12th day of June, 1924, and was thereafter duly published as provided by law; and

Whereas, no protest or objection was provided by said Act was filed with the said Clerk at or before the time set in and by said Ordinance of in-

tention for the hearing of said petition, to-wit, July 10th, 1924, at 7:30 o'clock P.M., and at the expiration of said time said legislative body, to-wit, the Board of Trustees of said City, acquired, and now has, jurisdiction to proceed further in accordance with the provisions of said Act.

SECTION 2. Now, therefore, a special election is hereby called, to be held on Tuesday, the 26th day of August, 1924, within the proposed Municipal Improvement District No. 1 of the City of Sierra Madre, the exterior boundaries of which are in said ordinance of intention and hereinafter described, for the purpose of submitting to the qualified electors of said district the proposition of incurring a debt by the issuance of bonds of such district for the purpose set forth in said ordinance of intention and hereinafter stated; the exterior boundaries of said district being particularly described as follows, to-wit:

SECTION 3. That the object and purpose for which the said proposed indebtedness is to be incurred is constructing public improvement work consisting of street work upon public streets, public alleys and public rights-of-way in said district.

SECTION 4. That the estimated cost of such proposed improvement is Seventy Thousand (\$70,000) Dollars; that the amount of the principal of the indebtedness proposed to be incurred is the sum of Seventy Thousand (\$70,000) Dollars; and the rate of interest to be paid on said indebtedness shall be six (6) per centum per annum, payable semi-annually.

SECTION 5. The polls for said election must be opened at 6 o'clock A. M. of the day of the election, and must be kept open until 7 o'clock P. M. of the same day, when the polls shall be closed; except and provided, however, that if at the hour of closing there are any other voters in the polling place or in line at the door, who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote. But no one who shall arrive at the polling place after 7 o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrives.

SECTION 6. That there shall be printed on the ballots to be used at said special election, in addition to the other matters required by law, the following proposition to be voted on, to-wit:

Shall that certain proposed Municipal Improvement District No. 1 of the City of Sierra Madre incur a bonded debt of Seventy Thousand (\$70,000.00) Dollars for the purpose of constructing public improvement work consisting of street work upon public streets, public alleys, and public rights-of-way in said district?

That opposite to the above proposition to be voted on and to the right thereof, the words "Yes" and "No" shall be printed on separate lines within voting squares.

SECTION 7. For the purpose of holding and conducting said special election, said district, as above described, is hereby established as one voting precinct, denominated as Special Election Precinct No. One. The boundaries of which said precinct shall be and are hereby fixed as the exterior boundaries of said proposed Municipal Improvement District No. 1 of the City of Sierra Madre as above described herein, and the place at which the polls will be opened in

FARM BUREAU
POULTRY MEN
SHOW METHODS

South Santa Anita will be the scene of one of the important poultry culling demonstrations conducted by W. E. Newton for the Farm Bureau. The demonstration will take place at 10 a. m. next Tuesday, on the J. J. Forbrich ranch, Naomi Drive. For those who cannot attend in the morning, another demonstration will take place at 2 p. m., the same day at the L. G. Hack ranch, 3225 North Fair Oaks, Pasadena.

Mr. W. E. Newton, Poultry Extension Specialist, of the University of California, will be present to discuss the selection of hens, both for production and for breeding flocks. Previous demonstrations have been held in the county annually, in which the attention was given to culling for egg production almost entirely. Due to the fact that the Accredited Breeders and Hatchery Project is insisting that breeding flocks be culled by to methods demonstrated by the University of California, special attention will be given this phase during the series of meetings.

This series of meetings is being held later than usual this year, on account of the presence of foot and mouth disease in Los Angeles County, which has made it inadvisable to hold field meetings early. All poultrymen in the county are welcome to attend these meetings, which will undoubtedly be of much value.

Don't forget the time and place for next Thursday's demonstrations: South Santa Anita, 10 a. m.,—J. J. Forbrich Ranch, Naomi Drive. Pasadena, 2 p. m.,—L. G. Hack Ranch, 3225 N. Fair Oaks, Pasadena.

said precinct is hereby established and designated, and the following named election officers therefor are hereby appointed, to-wit:

SPECIAL ELECTION PRECINCT NO. 1.

Inspector: Frederick E. Ward.
Judge: William D. Richards.
Clerk: Mrs. Florence M. Herrington.

SECTION 8. That in all particulars not recited in this ordinance such election shall be held and conducted as provided by law for holding general municipal elections in said City.

SECTION 9. The City Clerk shall certify to the passage of this ordinance by the Board of Trustees of said City and its approval by the President of said Board and cause the same to be published twice in the Sierra Madre News, a weekly newspaper of general circulation printed and published in said City of Sierra Madre and thereupon and thereafter it shall take effect and be in full force.

Adopted and approved this 24th day of July, 1924.

J. D. SPARKS,
President of the Board of Trustees of the City of Sierra Madre.

(Seal) Attest:

L. DIETZ,
City Clerk of the City of Sierra Madre.

State of California,
County of Los Angeles,—ss.

I, L. Dietz, City Clerk of the City of Sierra Madre, do hereby certify that the foregoing Ordinance was duly passed by the Board of Trustees of the City of Sierra Madre, State of California, and approved by the President of said Board, at a regular meeting thereof, held on the 24th day of July, 1924, and that the same was passed by the following vote, to-wit:

Ayes: Trustees Bacon, Karicofe, Porter, Topping and Sparks.
Noes: None.
Absent: None.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the City of Sierra Madre, California, this 24th day of July, 1924.

CLUB OFFICERS HAVE LUNCHEON

Three large automobiles, carrying the new officers and directors of the Sierra Madre Woman's Club, left Sierra Madre last Tuesday morning on a trip to the Mountain Meadows Country Club, in the hills south of Pomona, where the executive board complimented the new president, Mrs. Samuel Stork, and their president emeritus, Mrs. J. A. Osgood, with a delightfully appointed luncheon. The decoration was carried on in gay zenias, making brilliant splashes of color against the soft grey of the walls. The arrangement of small tables of four lent itself admirably to the progressive scheme worked out, whereby each member of the party of seventeen, had the opportunity during some one of the five courses, to sit at the table presided over by their honored guests. All club business was taboo, and the time before departing for home was spent in reading favorite quotations and telling interesting stories. All agreed that the laurels went to Miss Ella Shepard Bush for her very amusing and delightfully told, "Miss Paroah." Besides the guests of honor, Mrs. Stork and Mrs. Osgood, there were, Miss Bush, Mesdames Scantlebury, Hart, Ferris, Fennel, Bacon, Carpenter, Green, Walker, John Osgood, Seeley, Sturmthal, Milton-Steinberger, Miss Bayne and Mrs. J. Clapp of Pomona.

FOOD SALE

The ladies of the Sierra Madre Woman's Club will hold a cooked food sale on Saturday, August 16th, from 1 o'clock in Welsher's Grocery store. It would be superfluous to tell of all the good things the Saturday shopper will be able to purchase, it is enough to know that the tempting salads and confections will be provided by the club women. It will save a great deal of tiresome telephoning if the ladies who would like to help, call any of the following ladies and tell them what they will send. Mrs. Walker, Red 87, Mrs. Seeley, Black 96, Mrs. Osgood, Red 104 or Miss Bayne, Green 173.

EXPERIMENTAL FARM SOUTH WEST OF TEMPLE

A lease was closed this week thru C. C. Battell agent for the Garstang Estate, whereby the state agriculture department became the lessor of a 10-acre tract near the southwest corner of Temple. The tract has been leased to Japanese and since the expiration of their leases some time ago, has not been under cultivation.

E. D. McSweeney, of Rosemead and said to be the most extensive potato grower in California will be in charge of this station which is being located for the purpose of trying out various methods of fertilization which will bring the land back to fertility after it has been farmed for a number of years by the Japanese gardeners.

According to reports it has been found that in many cases, once fertile farms have been found to be practically worthless after the Japanese leases have expired and the State Agriculture Department is trying to find new ways to rehabilitate farms thus robbed of the productivity.

Around Our Town

Mr. and Mrs. F. H. Pinkerton of Santa Anita Court are the proud parents of a fine boy, Jack Dana, born Saturday, August 2.

Mr. and Mrs. A. C. Young are the parents of a fine boy who arrived on Sunday at Alliance, Neb., where Mrs. Young has been visiting her old home.

Mrs. Carl C. Young and two boys returned last week from Chicago where they had been visiting the past two months. For the present they are residing at 1827 Garfield Place Hollywood.

George Braisted, sales manager for the Sierra Madre Garage, grew tired of commuting between business and his Monrovia home, so he leased a bungalow on East Central and moved his family to Sierra Madre this week.

Mr. and Mrs. Bowen who have resided on West Montecito for several months returned this week to their home in Compton. Mr. Bowen has just recovered from the effects of a street car accident which put him on the retired list for a long time and will resume business in an auto-electric establishment in Compton.

Mr. and Mrs. Donald C. Ashmore entertained a number of friends with a dinner party Saturday night. The guests included Mr. and Mrs. Ernest L. Yerxa of Pasadena, Mr. and Mrs. F. P. Baugh and Mrs. Innis Kinney of Hollywood, and George B. Morbridge. Mah Jongg and bridge helped to fill in a delightful evening.

REAL ALASKAN FILM COMING TO COLONIAL

Following a lengthy exchange of telegrams between manager Alexander of the Colonial Theater and the Associated Exhibitors, arrangements have been completed for the early showing of "The Chechahcos," the only motion picture ever actually made in Alaska. This is a feather in the cap of the popular Monrovia manager as the distributing organization was contemplating restricting showings in this state to two dollar houses. However, it will be shown at no advance in prices.

"The Chechahcos" is the production that opened without any great trumpeting at one of the leading New York theaters and inside of a week was the talk of the town. Critics raved over it and pointed it out as a proof of their oft repeated demands for a real northern picture, not one made in the mountains of California. The general opinion is best summed up in the words of brilliant Mabel McElliott in the New York News when she says:

"This vivid melodrama and the Klondike has that desired something new which frenzied producers and directors are ever seeking."

The production was six months in the making, the cast of 40 artists being virtually buried for that period in the heart of the frozen north. Most of the players are well known to patrons of the speaking stage from coast to coast. Heading the list is Eva Gordon, the brilliant actress who came to this country a short time back for a triumphal tour with the Danish Players of Copenhagen.
